OUR SERVICES

Outpatient 816 Detox

We offer comprehensive detox programs for a wide range of substances, including alcohol, opioids, benzodiazepines, methadone, Suboxone, Kratom, GHB, fentanyl, and hallucinogens. Our programs use medication-assisted treatment to manage withdrawal symptoms and stabilize the body.

In Person and Virtual Substance Abuse Treatment

We offer both in-person and virtual options to accommodate your unique needs and preferences. Our experienced team provides evidence-based therapies, medication-assisted treatment (if applicable), and personalized support to help you overcome addiction and build a fulfilling life.

DUI Assessment and Treatment Track

Our DUI Assessment Service offers a comprehensive evaluation of your unique situation, including your substance use history, driving behavior, and underlying factors. We provide legal support, tailored treatment planning, and ongoing assistance to help you navigate the path to recovery and renewal.

IOP In Person and Virtual

Our IOP program offers comprehensive support to help you maintain your daily life while recovering from substance abuse. Our experienced therapists will guide you through evidence-based therapies, including trauma-informed care, anger management, and parenting skills. We offer both in-person and virtual group sessions to accommodate busy schedules. Additionally, we can provide referrals to other support services as needed.
